I explained that to him, but he was pretty keen to avoid contacting the individual districts and insisted that the plan he has in mind is statewide, similar to something they have in Wyoming. Since it had to do with teacher evaluations, I sent it over to Ed Effectiveness so they could break the news to him. Sorry, Dana. Should I get back in touch with him?

Hmm. We have no role in teacher compensation. It should have gone back to districts.

> Hi Dana,

This was a sales call for a statewide merit based teacher compensation plan. The gentleman just mentioned the strike because it was topical. I sent him over to Joslyn Robich in Ed Effectiveness.

Hi Adam - could you give this gentleman a very courteous call back? Please explain that neither CDE nor the State Board of Education have any role in the disagreement between Denver Public Schools and the union. You can suggest that he reach out to DPS directly and give him their main number. Thanks! Let me know how it goes.

Subject: Call Regarding the Denver Teachers' Strike

Hi Dana!

I had a voicemail message this morning from Mr. Fred Karsten 307-660-5080. He has developed a “program” for the Wyoming school system that he thinks would be helpful in the Denver teachers’ strike. I think it has to do with pay. He got Val’s name off of the CDE website and was asking to speak to her regarding this. Could I send this your way for response? I really don’t know who I would refer him to regarding this, but I have an idea you might. ☺

Thank you!

Carol
